Curriculum Vitae

Elmira Aliabadi, Dr. rer. nat.

Email: elmira.aliabadi@gmail.com
Mobile: +49 (0) 157 33254436
Address: Berckhusenstr. 67, 30625 Hannover, Germany
Date of Birth: 01.02.1989, Tehran
Nationality: Iranian-German

Education

PhD in Infection Biology
Hannover Medical School (MHH), Hannover, Germany | 10/2016 – 01/2021

M.Sc. in Molecular Medicine
University of Göttingen, Göttingen, Germany | 10/2012 – 01/2015

B.Sc. in Biology
Shahid Beheshti University, Tehran, Iran | 10/2007 – 07/2011

Professional Experience

Project Management & Regulatory Affairs Intern
Serum Life Science Europe GmbH (SLS Europe), Hanover, Germany | 10/2025 – 02/2026

Postdoctoral Scientist – Immunology & Vaccine Development
TWINCORE GmbH and Helmholtz Centre for Infection Research (HZI), Research group of PD Dr. Patrick Behrendt, Hannover, Germany | 04/2022 – 08/2024

PhD Researcher – Infection Biology
Hannover Medical School (MHH), Research group of Prof. Dr. Markus Cornberg, Hannover, Germany | 10/2016 – 03/2021

Core skills

Life Sciences:

- Experimental design: Study planning, troubleshooting, protocol optimization
- Cell Biology: Cell culture, PBMC isolation, biobanking, cell line maintenance.
- Immunology & Virology: Flow cytometry, immune cell phenotyping and functional assays, T cell activation assays, MHC Dextramer technology, immunohistochemistry, ELISA, ELISpot, Virus production, neutralization assays.
- Molecular Biology: Cloning, PCR, Western Blot, and molecular characterization of human cell lines.
- Fluorescent and light microscopy

Soft Skills:

- Scientific communication (presentations, mentoring, conferences)
- Certified GMP and GLP knowledge
- Technical documentation (SOP, CTA and MAA)
- Project coordination & cross-functional teamwork
- Strong organizational skills, prioritization, and attention to detail

Computer Skills:

- Data analysis: GraphPad Prism, FlowJo, ImageJ, Qlucore
- Office & Productivity: Microsoft Office (Word, Excel, PowerPoint, Outlook, Access)
- Design & Visualization: Adobe Illustrator, Photoshop, BioRender, Canva
- Reference Management & Electronic Lab Notebook: RefWorks, EndNote, Mendeley, Labguru

Languages:

- English (fluent), German (B2, TELC certified), Farsi (native), Arabic (basic)

Training and Certifications

Advanced Training in Translational Research & Medicine – From Idea to Product

TRAIN Academy, Hannover, Germany | 10/2023 – 10/2025

- Two-year continuing education program for researchers preparing to transition into industry
- **Focus areas:** Translational research, product development, project management, innovation assessment, commercialization, clinical trials, regulatory affairs

Good Manufacturing Practice (GMP)

Alfatraining Bildungszentrum, Hannover, Germany | 05/2025

- Intensive 4-week training with practical exam, Final Grade: 100/100
- **Focus areas:** EU-GMP guidelines, regulatory frameworks (AMG, AMWHV), pharmaceutical quality systems, SOPs, audits, CAPA, validation, data integrity, documentation, hygiene standards

German for the Workplace (B2 level)

Leine-Volkshochschule GmbH, Hannover, Germany | 10/2024 – 03/2025

- Intensive business-focused German language course, focused on professional communication in the workplace

Basics in Laboratory Animal Science

Hannover Medical School, Hannover, Germany | 01/2017

Practical Experience

Internship Student

University of Tübingen, Department of Immunology, Tübingen, Germany | 11/2015 – 04/2016

- Research on increasing the sensitivity of ligandome analysis through upregulation of MHC class I molecules

Research Assistant

Department of Neurology, University of Göttingen, Göttingen, Germany | 07/2015 – 10/2015

- Supported experimental work and data collection in neurology studies

Master's Thesis – Internship Student

Max Planck Institute of Experimental Medicine, Göttingen, Germany | 04/2014 – 11/2014

- Investigation of the influence of carbonic anhydrase 2 on axonal support in the mouse CNS

Publications

- **Aliabadi E**, Urbanek-Quaing M, Maasoumy B, Bremer B, Grasshoff M, Li Y, Niehaus CE, Wedemeyer H, Kraft ARM, Cornberg M. Impact of HBsAg and HBcrAg levels on phenotype and function of HBV-specific T cells in patients with chronic hepatitis B virus infection. Gut. 2022 Nov. https://pubmed.ncbi.nlm.nih.gov/34702717/
- Hrabal I, **Aliabadi E,** Weber S, Ssebyatika GL, Krey T, Holicki CM, Schmid L, Dinkelborg K, Schröder C, Fast C, Behrendt P, Groschup MH, Eiden M. Design and Analysis of Novel HEV Vaccine Variants and Evaluation of Two Selected Candidates in a Porcine Infection Model. Liver Int. 2025 Sep. https://pubmed.ncbi.nlm.nih.gov/40747926/
- Wahid A, Meyer N, Wundes C, Hüffner L, Janshoff S, Frericks N, Friesland M, Dinkelborg K, **Aliabadi E**, Laue F, Cornberg M, Maasoumy B, Bremer B, Pischke S, Müller T, Wiesch JZS, Benckert J, Ulrich RG, Hardtke S, Dörge P, Vondran F, Lohse A, Manns MP, Todt D, Wedemeyer H, Pietschmann T, Steinmann E, Gömer A, Behrendt P. Extrahepatic Replication and Genomic Signatures of the Hepatitis E Virus in the Kidney. Liver Int. 2025 Jul. https://pubmed.ncbi.nlm.nih.gov/40575997/

- Dähnert L, **Aliabadi E**, Fast C, Hrabal I, Schröder C, Behrendt P, Protzer U, Groschup M, Eiden M. Immunisation of pigs with recombinant HEV vaccines does not protect from infection with HEV genotype 3. One Health. 2024 June. https://pubmed.ncbi.nlm.nih.gov/39010962/
- Dost S, Rivas A, Begali H, Ziegler A, **Aliabadi E**, Cornberg M, Kraft A, and Vidal M. Unraveling the Hepatitis B Cure: A Hybrid AI Approach for Capturing Knowledge about the Immune System's Impact. In Proceedings of the 12th Knowledge Capture Conference 2023 Dec. https://dl.acm.org/doi/10.1145/3587259.3627558
- Wiegand SB, Beggel B, Wranke A, **Aliabadi E**, Jaroszewicz J, Xu CJ, Li Y, Manns MP, Lengauer T, Wedemeyer H, Kraft ARM, Falk CS, Cornberg M. Soluble immune markers in the different phases of chronic hepatitis B virus infection. Sci Rep. 2019 Oct. https://pubmed.ncbi.nlm.nih.gov/31575964/

Presentations at international conferences

- **Poster presentation**. “Vaccine to Inhibit Autochthonous Transmission of Hepatitis E (VaccinATE)”, Annual Meeting of the Society for Virology (GfV), 2023 March, Ulm, Germany.
- **Oral presentation**. “Vaccine to Inhibit Autochthonous Transmission of Hepatitis E (VaccinATE)”, Annual Meeting of Study Group Vaccines, 2023 January, Braunschweig, Germany.
- **Poster presentation**. “Vaccine to Inhibit Autochthonous Transmission of Hepatitis E (VaccinATE)”, German association for the study of the liver (GASL), 2023 January, Bochum, Germany.
- **Poster presentation**. “Impact of hepatitis B core-related antigen (HBcrAg) level on HBV specific CD4 and CD8 T cell responses in HBeAg negative patients with chronic hepatitis B virus infection”, The International Liver Congress (EASL), 2021 June, virtual.
- **Poster presentation**. “Characterization of in-vitro responses to different immune modulation of HBV core18-specific vs HBV pol455-specific CD8+ T cells”, The International Liver Congress (EASL), 2021 June, virtual.
- **Poster presentation**. “Characterization of in-vitro responses to immune modulation of HBV core18-specific vs HBV pol455-specific CD8+ T cells, Annual Meeting of the Society for Virology (GfV), 2021 March, virtual.

- **Poster presentation.** “Characterization of in-vitro responses to immune modulation of HBV core18-specific vs HBV pol455-specific CD8+ T cells”. German association for the study of the liver (GASL), 2021 January, virtual.
- **Oral poster presentation. “**Impact of HBsAg level on cellular immune responses in HBeAg negative patients with chronic hepatitis B virus infection**”.** The International Liver Congress (EASL), 2019 April, Vienna, Austria.
- **Poster presentation.** “Impact of HBsAg on HBV-specific immune responses in HBeAg negative patients with chronic hepatitis B virus infection”. German association for the study of the liver (GASL), 2019 February, Heidelberg, Germany.
